

Matthew Siegel

Matt Siegel is an award-winning motion picture producer and director of photography. He has worked on major Hollywood films, including *The Matrix Reloaded*, *Master and Commander*, and *Spider Man 2*.

Matt balances his film career with ventures in emerging technology and education. As part of Google's MarComm and ENG Edu in Mountain View CA, Matt has teamed with research and development units at Google X, Google Studio G, Google Maps, Waymo, Motorola Systems, and Android OS. He has developed cutting edge creative content for Google Entrepreneurs and educational platforms at YouTube, as part of the Creator Academy.

Matt is a former professor at New York University, a former broadcast and satellite infrastructure consultant for Singapore's MediaCorp, and a former Head of Production at Imageworks in Los Angeles.
